**IDEAL-Standard**

Milano via Ampère 102

Un tempo si fabbricavano apparecchi igienici  
con materiale assorbente e poroso, facile ricco  
di germi. Avete simili apparecchi nel vostro bagno?  
Ebbene, ricordate: un nemico è in agguato  
nella vostra casa, potente e invisibile.  
Sterazzatevi al più presto!  
L'Ideal-Standard fabbrica i suoi apparecchi con  
la Vitreous China, un materiale di struttura  
omogenea, impermeabile in tutto lo spessore, sul  
quale lo smalto ha unicamente la funzione di  
rendere la superficie esterna gradevole alla vista.  
Con la Vitreous China non esistono germi.

*A new era of design*

As society continues to evolve at incredible speeds, Ideal Standard is building on this unique heritage, challenging itself and its designers to once again imagine what's next. To take technological innovations and design to the next level. We are at the start of an exciting journey. Simplicity begins in tradition – and ends in innovation.

Ideal Standard is so much more than one of the world's leading manufacturers of bathroom products and solutions. We see ourselves as part of the community of architects and designers in the process of creation. In shaping the evolution of modern life. For over 100 years, we've followed a mission of Innovation and Design. We lead innovation with new shapes, new materials, colours and function, all with the needs of our customers in mind. And throughout our history we've cooperated with the leading designers of their era. Master Designers that have the unique ability to capture the essence of the time and translate that into designs that accompany and shape the evolution of society. This essence of design is what we want to capture again.

**Torsten Türling,**  
CEO of Ideal Standard Group

In the 1970s, Ideal Standard teamed up with Italian Master Designer, Achille Castiglioni, to create what was then known as the breakthrough architectural design in the bathroom area - and propelled the bathroom from a functional space into a living space the way we know it today.

When done right, a well-designed project completely transcends it's function and becomes timeless. Some of Ideal Standard's designs, created by Italian icons such as Ponti and Castiglioni are perfect testimonies of this principle. I am honored to follow in the footsteps of these Italian Masters and support Ideal Standard's continued journey to design and develop innovations that will once again redefine not only bathroom design, but design in general."

**Roberto Palomba,**  
Chief Design Officer of Ideal Standard Group

# the Eternal value of Design

Our mission at Ideal Standard is to shape the future of modern living, together with urban designers, architects, interior decorators, constructing companies and our partners in trade and research. We see ourselves as partners in the process of creation. Our vision is to make life better for our customers.

Society is constantly evolving thereby redefining the meaning of Modern Living. We aim to create a seamless synergy of functional perfection and aesthetic beauty.

Our latest contribution to the culture of design is Atelier Collections. Aimed at fostering the process of creation, every collection from this laboratory of ideas brings together innovation and beauty to enable the realisation of timeless projects. All collections are embedded in a universe that creates a unique project. A new era of design, deeply rooted in our rich heritage, continuing our contribution to the Eternal Value of Design.

MUCH MORE THAN A CYLINDRICAL TAP. A SINGLE CAST PIECE INSPIRED BY BOTANICAL GRAFTS, JOY FUSES ELEGANCE AND STRENGTH INTO A MINIMAL, NEVER ORDINARY COLLECTION THAT KNOWS HOW TO SURPRISE IN ITS SIMPLICITY.

**JOY** Vessel mixer / Chrome finish  
**CONCA** Square vessel 60x40cm

Joy was born from an idea of flexibility,  
in the design and in the usability.  
An extremely suitable concept, that can be used  
in most of situations paired with a washbasin.

# Brassware finishes

Chrome

Silver Storm

Brushed Gold

Magnetic Grey

THE FINISHES WITHIN OUR BRASSWARE PALETTE  
CAN BE COMBINED WITH OUR CERAMICS  
AND FURNITURE TO CREATE STRONG VISUAL  
STATEMENTS – THE PERFECT SYNERGY BETWEEN  
SHAPE, MATERIAL AND COLOUR.

# Recommended combinations

A CAREFULLY CONSIDERED RANGE OF FINISHES, SELECTED TO OFFER YOU FREEDOM OF CREATIVE EXPRESSION.

## Ceramics

Ten new ceramic colours join White Gloss and White Silk to offer a complete palette that brings a sense of emotion to bathroom interiors. Some colours hark back to historical Ideal Standard designs but with a contemporary and elegant finish, while others are entirely new and have been designed to complement popular modern materials, such as marble and stone.

## Brassware

The finishes within our brassware palette can be combined with our ceramics and furniture to create strong visual statements – the perfect synergy between shape, material and colour. PVD coating is by far the most durable coating available. It is ten times more scratch resistant, and has three times more surface hardness.

CONCA'S PHILOSOPHY IS INFORMED BY THE FUNCTIONAL  
AND AESTHETIC VALUE OF THE GEOMETRICAL STRUCTURE  
IN ARCHITECTURE, IN DESIGN AND IN THE FIGURATIVE ARTS.

# Dea

— BATHTUBS

DEA IS A LINE WITH A MODERN AND ENVELOPING CHARACTER IN WHICH THE BATHTUB IS PROPOSED AS THE TRUE PROTAGONIST. ITS SOFT FORMS LEAVES SPACE FOR THE CREATION OF A HARMONIOUS LOOK FOR THE BATHROOM.

Colour creates mood.  
It allows the customer to  
create a unique environment.

ROBERTO PALOMBA

# Around — BATHTUBS

AROUND IS A STATEMENT OF ELEGANCE AND SOPHISTICATION. WITH ITS DEFINED FORMS, IT ENHANCES THE AESTHETICS OF THE ROOM, TO BECOME A REAL FOCAL POINT.

# Technologies

AQUABLADE®

Unrivalled innovation,  
redefining the industry

Superior, splash-free flushing, even at low water volumes. For spaces where hygiene is paramount, and for washrooms where first impressions are essential, AquaBlade® is the ultimate design solution.

#### CLEANER

AquaBlade® Technology ensures 95% of the surface is cleaned every time.

#### SMARTER

More effective and efficient use of water compared to standard flushes.

#### QUIETER

Aquablade® is proven to be up to 25% quieter than our equivalent models.

DIAMATEC®

Impossibly fine,  
effortlessly strong

Striving to achieve the most thin and precise designs in ceramics, Diamatec® was developed using a unique blend of alumina and chamotte. The result is a new material that allows designers to achieve the near impossible: highly complex and challenging designs with unprecedented strength and durability.

**STRONGER**

Diamatec® technology means every Ipolyss basin can withstand the maximum impact energy a test machine can deliver.

**ENDURING**

Thanks to Diamatec®, Ipolyss stands up to the most demanding conditions, while being only 3.5mm at its thinnest point.

**LIGHTER**

Diamatec® allows us to combine an ultra light design aesthetic with hardwearing durability for demanding environments.

# Engineered with the future in mind

1969 was a landmark year when our engineers pioneered the ceramic disc cartridge to create a unique drip-free, easy-to-use and incredibly durable single lever tap. Today we keep bringing meaningful innovations to the markets to ensure our taps are not only efficient but also offer sustainable features as well as comfort.

**ECOFLOW REGULATOR**

WATER IS A PRECIOUS RESSOURCE.  
SAVE WATER WITH ECOFLOW.

Our Eco Flow regulator reduces the water consumption down to 5L/min, without compromising on comfort.

**EASYFIX® INSTALLATION**

EASY AND FAST TO INSTALL

EasyFix® makes installation simple with its reliability reducing maintenance and cutting installation time by 30%.

**BLUESTART® TECHNOLOGY**

REDUCE ENERGY USAGE BY UP TO 50%  
WITH BLUESTART® TECHNOLOGY.

Our BlueStart® Technology means that only cold water flows initially when opening the tap in middle position, hot water being saved unless actively selected by turning the lever. This enables BlueStart® to facilitate energy savings of up to 50%.

**SMARTSHINE® FINISHING**

SMARTSHINE® FINISHING ALLOWS  
OUR CHROME TO LAST LONGER.

SmartShine® Finishing allows our chrome to last longer. It makes our taps easy to clean and easy to maintain.

**LIGHTMOVE®**

SUPERIOR PINPOINT PRECISION  
OVER WATER TEMPERATURE.

The FirmaFlow® cartridge enables finer temperature adjustments between 34°C and 42°C. Precision is paramount with LightMove®, improving tap handle usability, whilst the in-built hot water limiter makes scalding a thing of the past.

**CLICK TECHNOLOGY**

SAVE UP TO 50% MORE WATER  
WITH CLICK TECHNOLOGY

FirmaFlow® uses improved Click Technology with a mechanical stop to limit basin tap water flow to just the amount required for washing hands. This is even more efficient in maintaining flow consistency while reducing usage by up to 50%.

## ATELIER COLLECTION – COLOUR PALETTE EXTENSION

## FINISHINGS CHART

\* The last two digits of the SKU represents the finish model.  
If you would like a model in any other existing finishes than white,  
please refer to the chart below to see the matching colour codes.

		MAT WHITE	MATT ANTHRACITE	MAT SUNSET	SMOKED OAK	DARK WALNUT	LIGHT OAK	BLACK DESIRE MARBLE*	CALACATTA MARBLE*	GREY STONE*
RANGES	PRODUCT TYPE									
CONCA	BASIN UNITS									
	WORKTOPS									

\*Worktops finishes only.

Y1, Y2 and Y3 are coloured lacquer.  
Y4, Y5 and Y6 are wood veneer.

For basin units sold with worktops, the worktop finish matches the unit finish.

For basin units sold without worktop, select among one of the 3 worktop finishes available  
Black Desire Marble, Calacatta Marble or Grey Stone.

Our rings are an enduring symbol of Ideal Standard Group.

They represent the partnerships that happen during the process of creation; the collaborations between ourselves and architects, our engineers and customers, our craftspeople and the world's leading industrial designers of today.

They embody our balance of form and function, the elegance of our products and the timeless quality of our design.

Above all, they symbolise our overarching promise: **Together for Better.**
